The County would fund the construction costs by using approximately \$2.8 million of county savings; revenues from grants; in kind services; and a loan, such as a coal impact loan in an expected amount of \$7 million. In the event coal severance payments are insufficient to repay the annual loan payment, the repayment of the loan may require a tax increase to replace lost revenues. Based on the present estimated mill value, the maximum annual cost to repay the loan would be \$60.84 if your home is valued at \$100,000.00; and \$37.00 on a quarter of agricultural land valued at \$54,400.00 taxable value. The proposed complex would be located at the existing courthouse and jail site.)</p> <p><input type="radio"/> YES - Means you support spending a portion of savings and taking out a loan to expand and remodel the current courthouse and jail buildings into one secure facility.</p> <p><input type="radio"/> NO - Means you do not support spending a portion of savings and taking out a loan to expand and remodel the current courthouse and jail buildings into one secure facility.</p>
